New Community Relations Coordinator

Nancy Johnson joins The Lakeside Village team as the

new Community Relations Coordinator! She and her husband, Jeff, recently moved to Stuart from an acreage west on Minburn. They are enjoying getting settled in their new neighborhood! She says her background is healthcare and marketing, and her passion is customer services. She is honored to be part of such a great retirement community. "With so much going on at The Lakeside Village, I am looking forward to getting the word out! After all, who wouldn't love a great Lakeside neighborhood with Red Carpet service?" Please stop by and introduce yourself. She looks forward to meeting all of the current residents and their family members.

Boy Scout Blankets

Boy Scouts from Panora came to The Lakeside Village on Saturday the 10th and began tying 40 blankets! They sang Christmas Carols to us during lunch and then passed a blanket out to every single resident! They are blue and gold, so we will remember where they came from. They are just the right size for a cold lap or chilled shoulders.

Your best memories are made on the lake...

Rolling out the red carpet for you!

We are looking for donations:

Since we will be staying inside for much of the next 3 months, The Lakeside Village is looking for donations of bags of bird seed to fill our many bird feeders. Not only does this help our little feathered friends, but is also beautiful to watch from inside our warm, cozy rooms. Bags of bird seed can be dropped off anytime. We would also like to expand our movie library. We currently only have 24 DVD's to choose from. We have been checking movies out from the Panora Library, which has a nice selection, but if you are tired of watching some of the movies you have, we promise to give them a good home here.

The United Methodist Church of Panora provided some very nice seasonal music for the residents and some family members in December. They sang Christmas carols and brought their chimes treating us to a beautiful evening. They stayed to share some holiday cookies, coffee, cocoa and conversation. What a great way for us to end our evening!

JANUARY - 2017

Panora, IA 50216

Health Care Services:

Staying healthy during the winter can be challenging. Using warm soapy water continues to be the preferred method of washing your hands. However, hand sanitizer is another good option. Sometimes it is hard to stay hydrated when it is cold outside, but nothing is better than a glass of water to quench your thirst and help flush your system.

New Year's Resolution:

The Lakeside Village staff would like to encourage all of the residents to join one of the many exercise classes we have. We currently offer 25 opportunities throughout the week for our residents to participate in. We hope the families will encourage their loved ones as well.

JANUARY— Happenings at The Lakeside Village
